4. **Send** in your forms by fax or mail.

**Frequently Asked Questions**

**Do I need to complete the entire form?**
No, you only need to complete the section(s) that pertain to your situation. For instance, if you are looking to change your name due to a legal name change, you do not need to fill out the section on updating your date of birth.

**What if I have more than one account to update?**
The form provides space for three accounts to be updated. If you have additional accounts that are affected, please attach an extra sheet listing the appropriate account information.

**Why do I need to provide legal documentation for this change?**
In order for Capital One Investing to authorize a name or date of birth change we must receive a copy of the legal documents verifying the change or correction. In addition, you must present the documentation and completed form to a Notary Public or person able to give a Medallion Signature Guarantee prior to being mailed to Capital One Investing.

**What is the difference between a Notary seal and a Medallion signature guarantee?**
A Medallion signature guarantee is a stamp provided by a financial institution to verify that a signature is valid. You can obtain a Medallion Signature Guarantee at a commercial bank, credit union, brokerage firm, savings association, or any financial institution who is an approved member.

A Notary seal is provided by a Notary Public, a person who is authorized by the government to verify written documents. You can usually find such a person either at a financial institution (such as a bank or credit union) or in your local phone directory.
